Sangmeister Names First Two Assistant Prosecutors

George E. Sangmeister, of Mokena and Frankfort, the second Democrat to be elected state's attorney of Will county in modern history, will take office the first Monday of next month, Dec. 7. On Tuesday afternoon at a press conference held in the court building at Joliet he announced the first of his appointments, two assistant state's attorneys.

Daniel Kennedy, who is associated with the law firm of Dunn, Stefanich and McGarry, and Norman Codo, also a Joliet attorney who is associated with Donald Wise, are the first assistants to be named by the new prosecutor.

There are six assistants on the staff and the others will be named soon.

Mr. Sangmeister also announced that Gilbert Knater, former sheriff and state police lieutenant who has been serving as chief investigator for State's Attorney Frank H. Masters since the death of Nicholas

J. Fornango, will remain at the post until the first of the year to aid the new staff in finishing up some of the work that necessarily must be carried over.

Mr. Sangmeister has not indicated who his chief investigator will be. There is another investigator in the office who is a liaison man between the state's attorney's office and the Joliet police department. Vernon Belfield has this post. This is filled by the city and as a policeman is named for the job he is paid by the city.

John Irving Pearce, who was elected in 1948, when he defeated the late James E. Burke who rates as one of the top prosecutors, was the first Democrat elected state's attorney since the turn of the century. He was succeeded by Masters in 1952 and now Sangmeister will take over. Masters was not a candidate for re-election.

This is the second elective office won by Sangmeister. He was elected justice of the peace when that office became a county office and since the judicial reform act went into effect last January he has been serving as a magistrate in the circuit court, in charge of the branch court at Mokena.

When he takes the oath as state's attorney he will have resigned from his judicial position.

Mr. Sangmeister and August Santoro have a law office in Frankfort and one in Joliet.

OPENS FOR business. Ordman's Park and Shop supermarket on Wolf rd, Mokena, reopened on Wednesday of last week (Nov. 18) and the event was welcomed by a throng of shoppers. The first customer was Mrs. Arthur Marshall, of Mokena, holding a large steak. The men, beginning at the left, are Mayor Charles Swanberg on hand with official congratulations to Ralph Ordman. At the right is Bud Fowler, manager of the meat department. Park and Shop formerly occupied quarters on the west side of Wolf road, north of the new location. Their other store was destroyed by fire shortly before Christmas last year. The new store is almost double in size and there is more parking space.

Burglar Gets \$500 From Mokena Supermart Safe

A burglar or burglars broke into the new Park and Shop supermarket owned by Ralph and Red Ordman on Wolf road, Mokena, sometime late Saturday night or early Sunday morning and fled with approximately \$500 in cash.

The money was taken out of the bottom section of a safe, the thief using some sort of tool to peel enough of an edge away to get at the bolt.

Entry was gained thru an aperture made in the roof. Mokena Police Chief Roy Newton was called by Ralph Ordman who discovered the burglarly when he opened the store about 8:45 Sunday morning and the chief called county police for a fingerprint expert. Investigator Thomas Cavanaugh is checking some prints found at the scene.

It is possible, investigators said, that two men were employed on the job, one aiding the other to gain the roof and remained to help him down. The thief apparently went out of the building, it was said, by the same route that he gained entry.

There was some speculation as to whether the Mokena burglarly might have been the work of a burglar who entered the Rudy Market on East Cass St., in Joliet early Sunday morning. Entry was gained there thru the roof and the thief was working on the safe when apparently he became alarmed and fled empty handed.

A suitcase filled with burglar tools was found in the Rock Island yards in Joliet,

near the roundhouse, where it was dropped early Sunday morning by a man.

Fred Barnett, 39, of Lockport township, a yard clerk, told police that he saw a man carrying a suitcase. Barnett was in his car and the headlights picked up the

figure of the man with the bag. The man dropped the bag and ran. Barnett turned the suitcase over to police who said that it contained cutting torches, jimmies, a sledge hammer and other burglar tools.

BUSINESS & FINANCE

BY MAURICE P. ANGLAND

Tuesday, Wednesday and Thursday of last week ended with the Dow Jones Industrial Average showing an increase that brought the radio and television commentators and news headlines, to enthusiastic comment on the market rise.

A good many stockholders who checked the markets on specific stocks were surprised to find most of their holdings had changed very little.

The Dow Jones Industrial Averages which are calculated from market action of a selection of 30 industrial stocks chosen some years ago. Due to stock dividends and the uneven fortunes of some of the firms whose stocks are in this index, it has been necessary over the years, to have a "multiplier" used and which is intended to effect a mathematical balance in the averages.

The 10-week session, meeting every Monday night from 7-10:00 p.m., began Monday, Nov. 23 and continues until Monday, Feb. 1.

College Hooks Fire Alarm Direct To Fire Station

Trinity Christian college has installed fire alarm equipment in its new student residence building which ties the building's fire alarm system directly in to the Palos Heights fire protection district alarm system. Chief Ed Kamper said that this is the first school facility in the district to use this alarm system.

The building alarm system is an automatic system with both manual alarm boxes and also heat detectors which automatically sound the alarm if a fire should occur. The detectors are located in strategic areas

results can be misleading to those accepting the averages rather than checking individual stocks.

Those who checked individual market action of days mentioned, noted that DuPont had risen substantially on the news that this firm is going to distribute its remaining 23 million shares

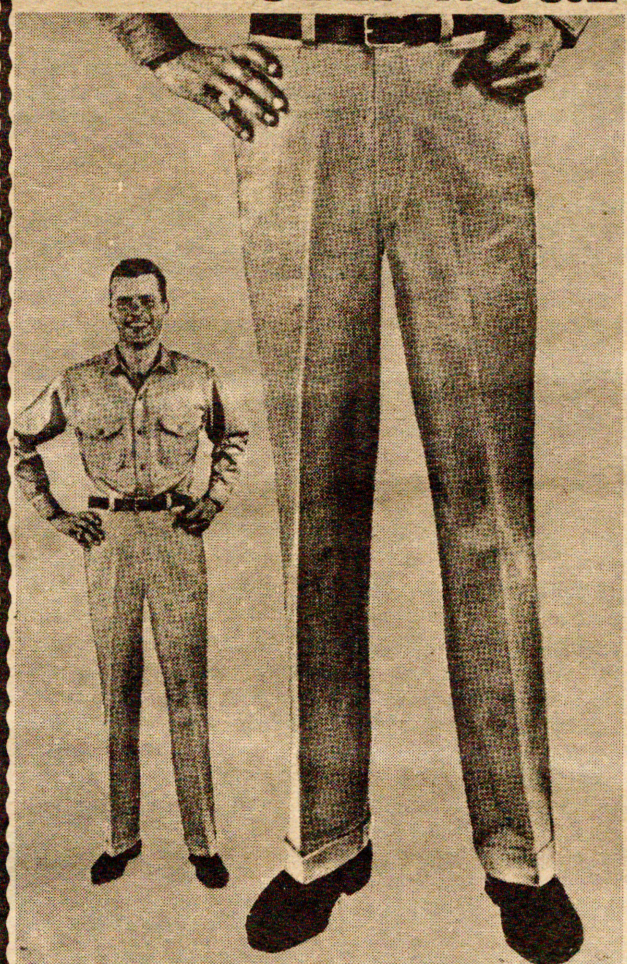

which have the potential of a fire hazard such as stairwells, store rooms, the boiler room and attic. If the building alarm is sounded, the alarm is simultaneously sounded at the Palos Heights fire station and in the home of each volunteer fireman. At the station it is immediately known from which school the alarm is originating and fire equipment can be dispatched immediately to the scene of the alarm.

The college equipment is connected to the Fire Station via telephone lines. The college has plans to install equipment in its main building which will provide the same safety features.

The rail market is happy with the greatly increased speed with which mergers are handled by the I.C.C. The present alacrity is in considerable contrast to the past when comparatively simple merger problems could easily consume years of time.

Recently the proposed rail mergers have been coming to completion at a rapid rate

and with likelihood of early approval by the I.C.C.

Undue delays destroy values in such mergers and are usually harmful. Investment analysts now are much less cynical in comments on I.C.C. action and are willing to recommend that their clients may profitably participate.

Turkey Cage Tourney Opens At Sandburg Friday

BY ED PETERSON

The Eagle cagers open their first home games Friday and Saturday at their own Turkey Tourney after losing their opener 54-52 to the Proviso West Panthers in a closely matched contest Saturday night.

Sandburg jumped off to an early lead and led, 15-14, at the end of the first quarter. The Panthers, playing a game based on ball control overcame this lead and add-

10 Hunters Bag 8 Deer

Ten hunters from the area were deer hunting in the vicinity of Crystal Falls, Mich. and bagged eight deer in the process.

On the trip were Mayor Charles Swanberg, Dick Friant, Jim Horras, Marvin Nice and William Sayers, of Mokena; Louis Selter, Roger Wischover, and Edwin Woodcock, of New Lenox, and Norman Klotz and Kenneth Meskil, of Frankfort.

Grid Coaches Select All-Conference Teams

Carl Sandburg and Lincoln - Way high schools are both represented on the Southwest Suburban all-conference football team, selected by the coaches. Sandburg also had a player who placed on the defensive squad.

The first team alluded to would be the offensive unit, Howard Grimes, of Lincoln-Way, 6'5", 200 pounds, is one of the halfbacks chosen, and Roland Roth, 6'2 1/2", 205 pounds was selected as an end. There were two tied with Roth, Randy Muersch, Evergreen Park, a junior, 6'0", 170, and Bill Miller, Homewood - Flossmoor, 6'2", 215. The other end is Bob Bladdek, Rich East, 6'4", 195.

Rich East's quarterback, Ken Erickson, 6'2", 200, was not only selected to pilot the all - conference eleven but is the SWS recommendation for all - state honors. Ralph Blinkwolt, 6'3", 200, Evergreen Park, a unanimous choice as a guard on the all-conference team was also recommended for an all-state berth. The other guard is Charles Long, Homewood - Flossmoor, 6'1", 205.

The tackles are Bob Wied-

ed some insurance points in the second period to take a 34-27 lead at the half.

Not to be put down so easily, the inspired Eagles came back strong in the third quarter, cutting the Panthers' lead to a slim four points, 45-41.

The lead fluctuated in the fourth quarter and with barely four minutes left to play the Eagles found themselves on top of a slim two point lead, 50-48. Proviso, controlling the ball, managed a score when Gary Davis, 6' 2" junior forward, tipped in a rebound to even things up at 50-50. Proviso took the lead with 1:57 left to play on a driving layup by guard Jack Magiera, but Eagle center, Bruce Hyink, 6' 9", retaliated with a quick basket to again knot things up at 52 all. This ended the scoring for the Eagles.

With only 58 seconds remaining in the game, Larry Halleart, a slick ball-handling young guard, calmly dropped in a free throw which provided the winning margin. Another foul shot

was made by Magiera which gave the Panthers a two point lead with 10 seconds to go.

Sandburg took the ball out of bounds but could not score as the final buzzer sounded, the scoreboard reading 54-52 with Proviso on top.

The Eagles were led by 6' 4" junior forward, Drew Corley, with 16 points. Closely behind were Hyink with 14 and junior guard, Van Broman, with 10.

High Proviso scorer was Davis, 13 points, followed by Paul Zeman with 10. The Panthers were outscored in three quarters but managed to maintain a slight edge over Sandburg.

Action comes to Sandburg, Friday and Saturday nights

as possible. The Burros, altho showing a 2-6 record, looked better and tougher each week and next year will be ready for all comers.

George Krueger, speaking for the team, has asked that special thanks be mentioned to the Mokena Park Board for their wonderful cooperation in making the home season possible with our own field at the park. It was also gratifying to see so many offer help in laying the ground work for the team this year.

The Burros were defeated in the final regular season game in the Pumpkin Bowl at Tinley Park 19-0. It was 0-0 at half time thanks to the defense, but 2 long passes beat the Burro defenders and that was the game. Ron Corniels, Mark Knize and Brian Knierim were defensive stars of the game.

Farm Census

The 1964 census of agriculture, now being conducted by the Bureau of the Census, U. S. Department of Commerce, in Will county, will bring up to date farm statistics last collected in 1959.

Here are a few of the many facts recorded in the 1959 farm census for this county:

There were 2,277 farms in 1959, compared with 2,607 in 1954. The average size of farm was 178.7 acres in 1959, compared with 162.5 acres in 1954.

The value of products sold by the county's farmers in 1959 was \$25,393,304. The value of all crops sold was \$15,161,295. The value of all livestock and livestock products sold was \$10,232,009.

The 1964 national census of agriculture is the 18th in a series which began in 1840. Because of the rapid changes American agriculture has been undergoing in recent years, census bureau officials regard the current census as one of the most significant ever taken. They ask every farmer to cooperate in compiling an accurate record of these changes by filling out the census form he receives in the mail and holding the completed questionnaire until a census taker calls for it.

Arbury Hills Home Is Hit By Blaze

Fire of undetermined origin damaged the home of Mrs. Nora Birdsong at 9329 W. Magnolia ave., early Friday morning. The blaze broke out in the dining room about 2:30 a.m., and thanks to the efforts of a neighbor, the damage was largely confined there.

Mrs. Birdsong told Fire Chief Fred Kohlhausen of Frankfort that she had gotten home about 1:30 and about an hour later smelled smoke. She then discovered there was fire in the living room and called the Mokena fire department. In her excitement Mrs. Birdsong failed to give the exact location of the house but a neighbor, Daniel Markowski, who lives across the street who was awakened by the barking of his dog, noted the fire and also called the Mokena fire department.

Markowski then ran across the street and used a garden hose in an effort to extinguish the blaze. He succeeded in checking the fire and when firemen from Mokena and Frankfort arrived they quickly put it out.

Mrs. Birdsong had been redecorating the dining room and a paint bucket there blew up and sailed down the hall.

26-Help Wanted Men Or Women

The Working Classes

J. A. WARD

Every month we have dozens of men and women
register with us for job placement and consultation
with respect to job opportunities in the Western
Suburbs. Many of these applicants are not aware
of the trend among companies to give short Intelli-
gence and Aptitude tests, or that former employers
and personal references are being carefully checked.

In some companies references are checked back
as far as high school records. Because of this it is
highly important that when you fill out an application
for work that you list your correct birthdate, past
employment records and dates and exact school years.
If any one of these records are found to be inaccurate
quite likely you will not be considered for the job you
are applying for.

Here are some actual case records: an applicant
falsified her age thinking that her new employer
would not check beyond her last employer. Unfortu-
nately they did and found that she was five years
older than indicated on her application. Actually
the five extra years would not have been a problem,
but falsifying the application caused the company
not to hire this applicant. Another applicant shows
no dependents on her application, but when she fills
out the companies insurance application she lists
four children as beneficiaries.

Listing inaccurate Birthdates and Employment per-
iods may not only be the cause for your not getting
that better job but in later years these inaccurate
dates on employment records could be the cause of
you not collecting Social Security when you are eligible
or collecting retirement pay.

Filling out employment applications completely and
correctly is probably more important than being prop-
erly dressed or scoring high on Intelligence or Ap-
titude tests.

Boy Swings On Rope, Falls; Dad Sues Toll Commission

(CNS) A suit asking a \$50,000 judgment against the Illinois Tollway Commission was filed Wednesday in Circuit Court by the father of a Willow Springs boy, Douglas M. Hedding, 13, who was injured severely in a fall after swinging from a rope suspended from a Tri-State tollway bridge.

The youth and his playmates were taking turns swinging on the rope on Oct. 6, and on Douglas' turn the rope broke, throwing him to the ground, and causing num-

erous broken bones and internal injuries, the suit charges.

The rope was suspended from a drainage pipe of the bridge which took tollway traffic over the Gulf, Mobile and Ohio railroad tracks at a point near 79th st. and Mannheim rd. (U.S. 45), the suit charges, and had been there so long it had become a regular attraction. Occasionally squad cars from Illinois State police, and men from the tollway maintenance crews stopped, and asked the youths to stop, but never enforced their orders, the suit charges.

The rope-swinging activity was clearly visible to all motorists on southbound lanes, and to anyone in the area of the railroad tracks below the bridge, the suit notes.

Frank Madsen Dies In South

Frank W. Madsen, 72, a former Lincoln Estates resident died at his home in St. Petersburg, Fla., Tuesday, Nov. 10.

The Madsen's moved to Lincoln Estates in 1936 and lived there until 1953 when they moved to Florida. The body was brought to Chicago for burial.

Survived by his wife Lillian, one daughter, Mrs. David (Lois) Tyler of Mokena; two sons, Ernst of San Antonio, Texas and Walter of Lincoln Estates and nine grandchildren.

Funeral services were held at the W.W. Fern Chapel, Chicago on Monday, Nov. 16. Ingerment was in Evergreen Park cemetery.

Teach Students To Teach Students At Lincoln-Way

Teaching students to teach students is part of the Lincoln-Way staff efforts in the mathematics department. So it seems in the beginning algebra class taught by teacher - team of James High, James Pickerill and Norman West.

Upperclassmen aid the teacher with small group instruction. These student assistants are skilled in math and the art of helping others understand the many complexities of algebra.

In the algebra program at L-W students are given three learning situations. One is the arrangement for lectures, films and testing. About 100 students assemble in one room for this presentation of materials.

In the small group arrangement, the class of 100 is separated into one, two or three smaller classes; and them further divided into

small groups of four students to a group. Here the student soon learns to use his time wisely for problem-solving and checking his work.

As the third situation the group of 100 is divided into three groups which resemble the regular classroom arrangement. Here the group asks questions, works problems and participates in teacher - led discussion.

Another group has been formed from this team-teaching in algebra, and that is an advanced group who have shown the desire and ability to do more advanced work than is normally required in first - year algebra.

As all teachers at Lincoln-Way would agree, no matter what the method, the aim is the same; and that is to provide the greatest advantage possible for each student to perform at his level of ability.
